

12 YEARS Experience

Shenzhen Richconn Technology Co., Ltd

CNC machining with high-precision machinery

We are a custom processing manufacturer of carbon fiber

OUR ADVANTAGES

First class processing service factory

Custom drawing
Design according to customer requirements

factory
The factory covers an area of 5000 square meters

Production equipment
More than 100 processing equipment

Material Science
NIP1 carbon fiber raw materials

QUALITY CONTROL
100% quality inspection before delivery

ONE-STOP
One stop service provider

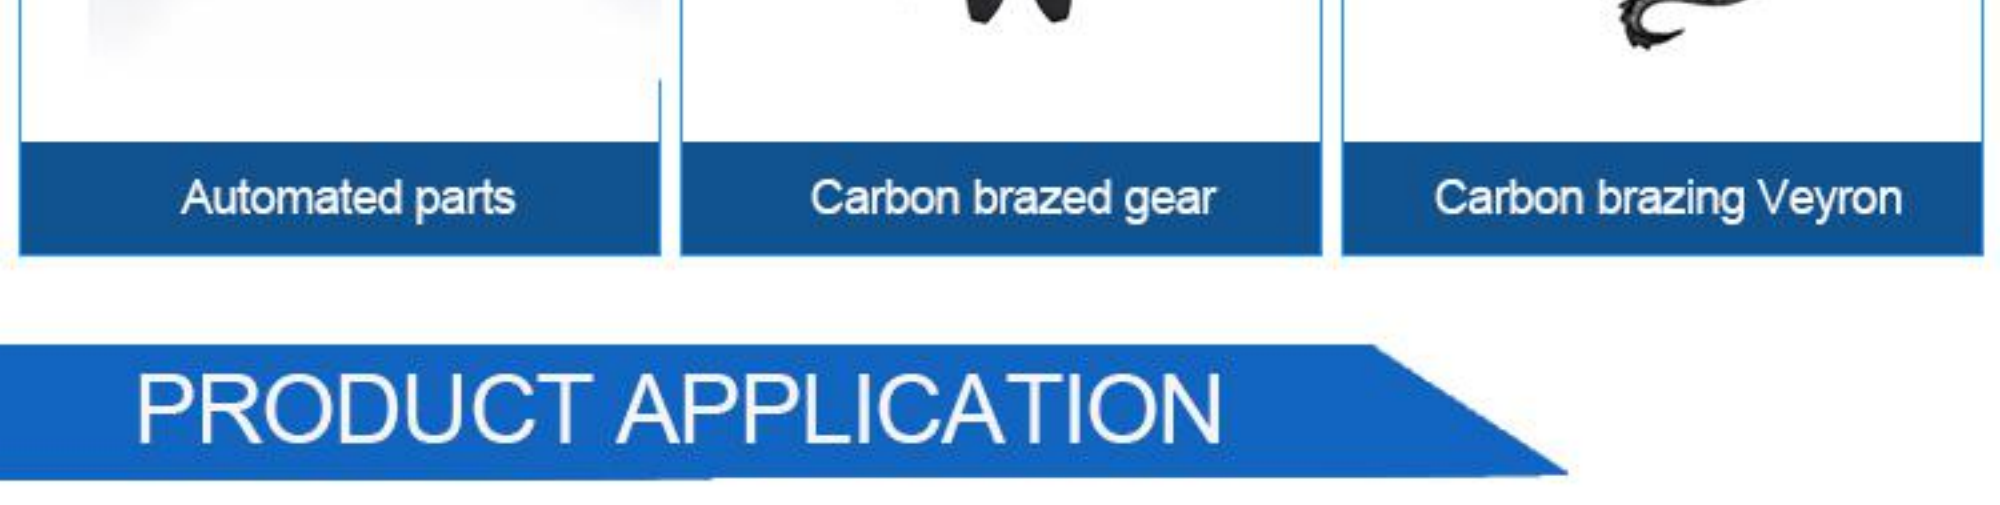

PRODUCT CLASSIFICATION

watch case

Motorcycle parts

Unmanned rack

Automated parts

Carbon brazed gear

Carbon brazing Veyron

PRODUCT APPLICATION

Mobile Accessories

automation equipment

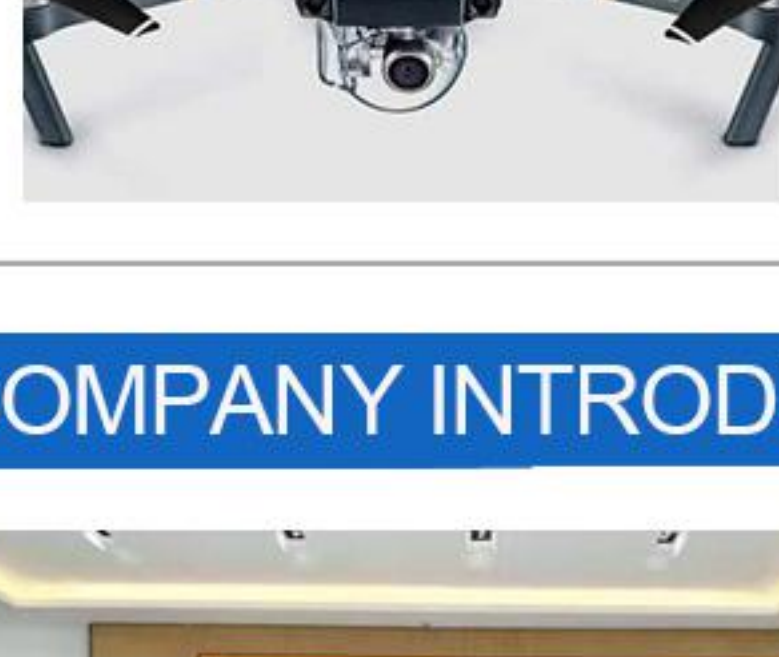

Watch case accessories

BMW accessories

UAV accessories

Motorcycle wheel

COMPANY INTRODUCTION

ABOUT US

OUR ADVANTAGES

- Know How to save your cost
- NDA is acceptable
- 100% deliver on time
- 100% QC before shipment
- Rapid prototype in 1 day

Low Speed Wire Cutting	8sets
CNC(Linear Rails)	25sets
High Speed Wire	10sets
CNC(Hard Track)	15sets
Surface Grinding	3sets
Lathe Turning	2sets
Milling Machine	12sets
Molding Grinding	14sets

Equipment processing

We have 50 FANUC and brother machine tools imported from JAPAN, and the accuracy of the machine tool can reach 0.003mm

Sodick, Low Speed Wire Cutting
Sodick has core technologies such as linear motor, ceramics, controller, power supply and NC device

Production workshop
We have more than 200 employees, including 70 operators with more than 5 years of experience.

OUR EQUIPMENT

OUR PARTNERS

12+ years experience

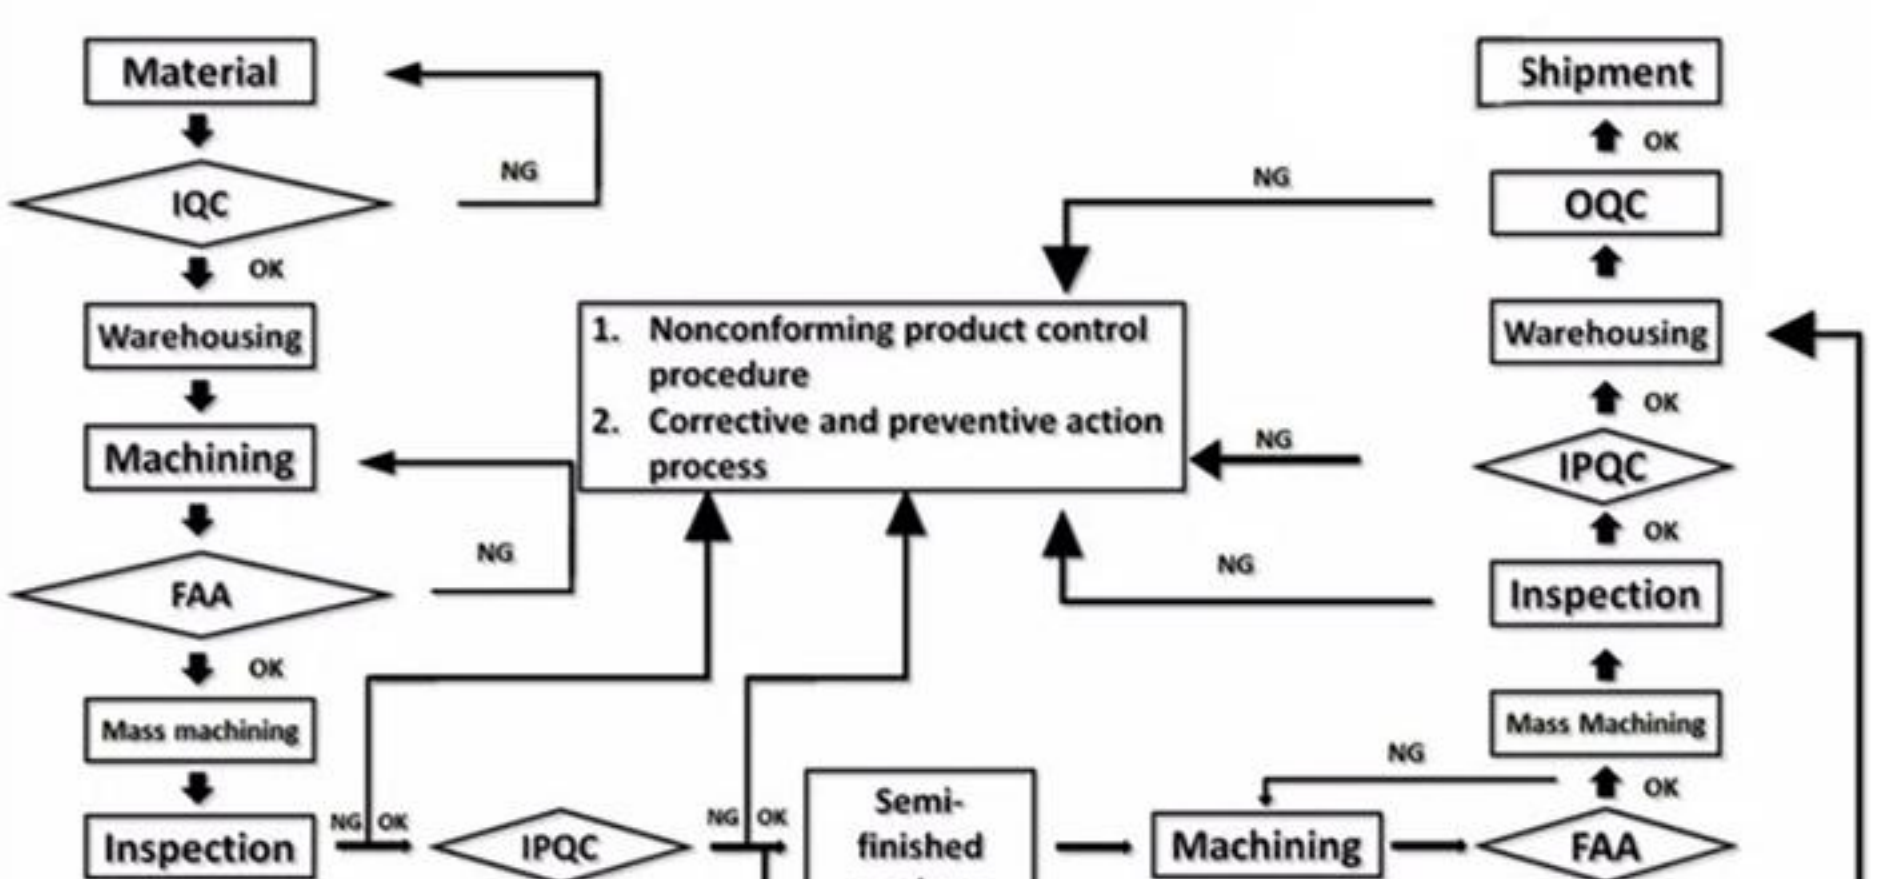

5000m² plant area

10000 completed projects

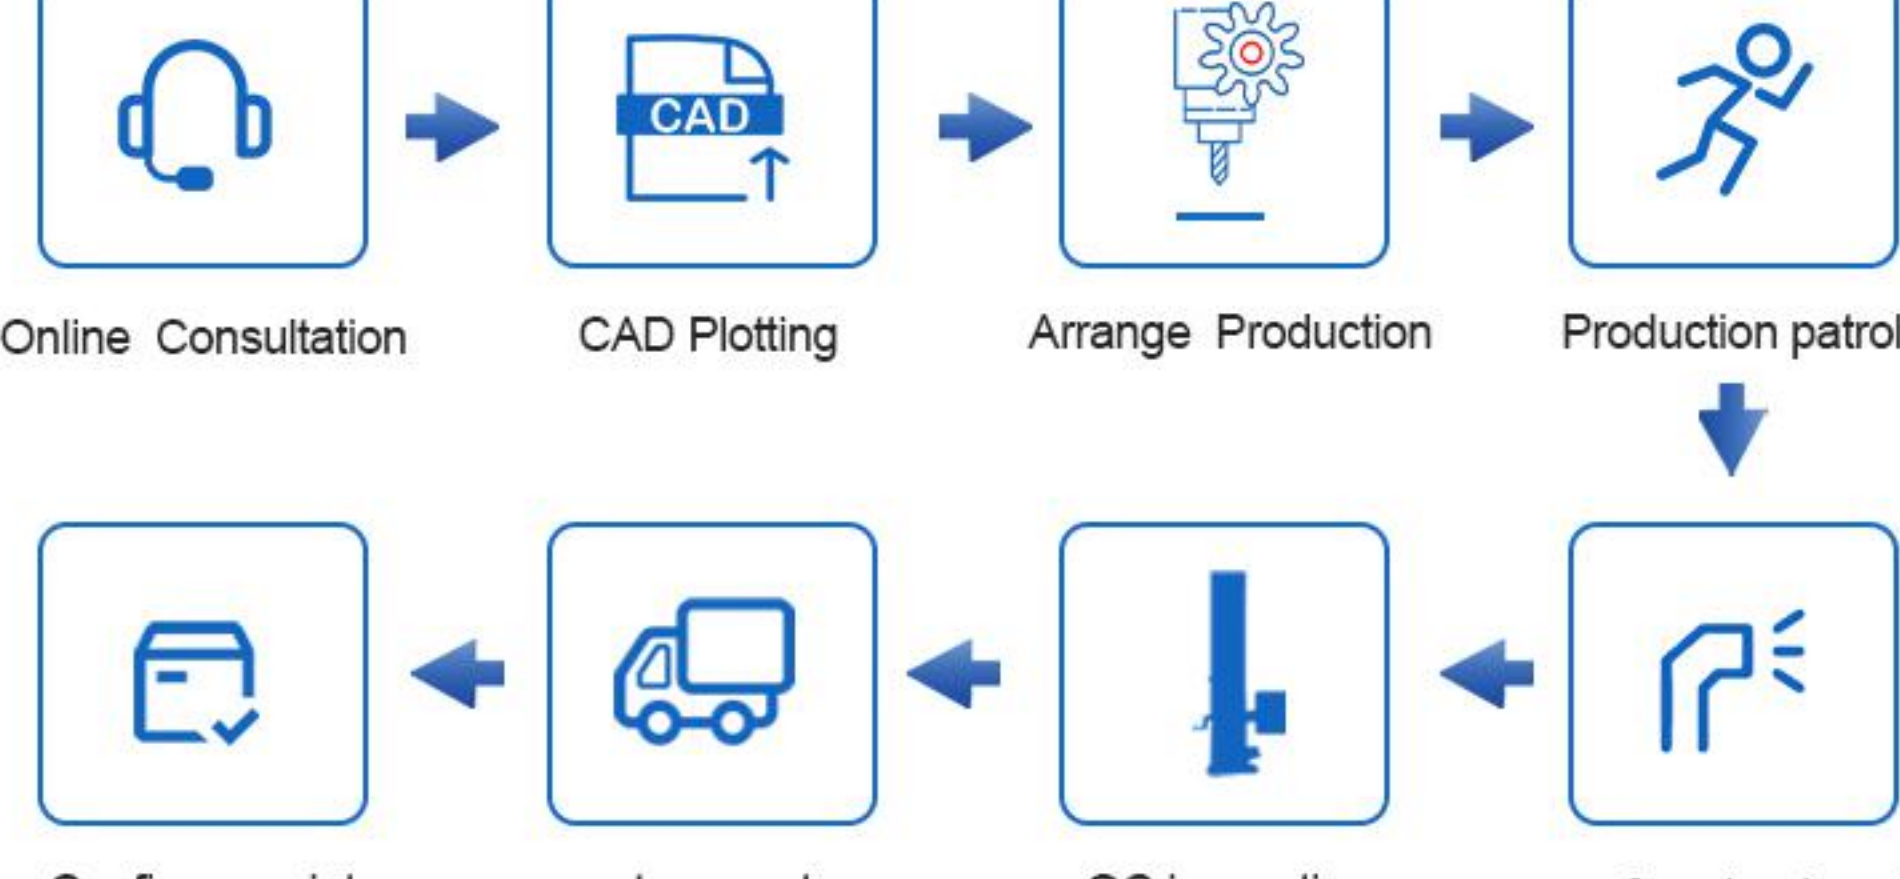

90% Repeat Order
